

OTHER LACE ONLINE FEATURES

Adaptive Real-Time Training

LACE works with you and adapts to your answers so it will never be too easy or too hard.

Training Scores

LACE training scores can be reported to your hearing healthcare professional to monitor your progress.

Practice Options

Once the 11 training sessions are completed, you can continue to practice with additional content at different levels of difficulty.

Access Training Anytime, Anywhere

You can access LACE training from any modern web browser with an internet connection - on Apple and Windows computers, as well as iOS and Android devices.

"Recently my audiologist suggested that I try the LACE Online listening course by Neurotone. I tried it and it was a revelation! Thank you Neurotone."
